SOLIDFORMS CORPORATION (SFC)

01.

SolidForms Corporation (SFC) was established on September 06, 2017, with Securities and Exchange Commission Registration No. CS201729918. Our primary business is trading (importation, selling, and distribution) of formworks; scaffolding and access; phenolic boards; pipes, fittings, and related accessories. We also provide engineering design and technical support services for our formwork clients.

At SFC's helm is Mr. Norman V. Montaner, Chairman & President, with over 30 years of work experience and expertise in construction, design, and commercial trading of building materials and related accessories. Before co-founding SFC, he headed the local branch of a multinational formworks company and was involved in major real estate developments in the country. Since its establishment, he has assertively led SFC, making our reputation as a dependable provider of quality construction materials and technical solutions.

Holding key posts are seasoned sales, technical support engineers, corporate practitioners, and highly trained personnel, who ensure quality and timely delivery of our products and service commitments.

SFC is an emerging leader in the industry. Our top clients are leading developers and construction companies in the country today. In 2018, SFC became a distributor in the Philippines of products and solutions of ULMA C y E.S. Coop, one of the leading formworks and engineering services providers worldwide.

Strongly supportive of nation-building, SFC forges ahead towards a Solid Future!

02.

OUR VISION

We are a top choice provider of specialized, quality CONSTRUCTION MATERIALS and TECHNICAL BUILDING SOLUTIONS in the PHILIPPINES.

OUR MISSION

Customers

We pledge complete satisfaction, cultivating enduring business relationships by delivering exceptional quality products and solutions.

Employees

Our commitment extends toward our employees' welfare, fostering professional growth, and enhancing productivity through ceaseless learning and training.

Shareholders

We are devoted to maximizing profitability and ensuring business sustainability by effectively exploiting our resources and seized opportunities.

Environment

We are ardent advocates for sustainable development, pledging to responsibly utilize and safeguard our natural resources to benefit both our current and future generations as part of our commitment towards nation-building.

CORE COMPETENCIES

03.

Our company's core competencies are rooted in five fundamental values.

I
C
A
R
E

Integrity

We live out the highest standards of professionalism and uphold our commitment to our stakeholders.

Creativity

We constantly innovate and collaborate with our local and global partners to provide our customers with the right products and solutions.

Advancement

We empower our people to grow and develop professionally, individually and as a team.

Resiliency

We always rise above our challenges, wiser, stronger, and with greater confidence.

Excellence

We continue to learn, use leading edge technology and implement quality standards in our products and solutions.

BUSINESS FIELD & MARKET SECTORS

04.

Our company operates within the trading of construction materials and technical building solutions industry, offering an array of high-quality and innovative products designed to meet diverse construction needs and specifications.

Our operations extend across several key market sectors, including:

Trading:

Providing dealers and distributors with a broad range of construction materials and technical solutions for trade, ensuring their customers are well-equipped for their construction needs.

Manufacturing:

Converting our high-quality raw materials into finished goods to meet the desired specifications of our clients, ensuring quality, durability, and adherence to lead time requirements.

Industrial:

Catering to the industrial sector with tailored technical building solutions that align with their unique operational requirements and enhance overall efficiency.

Construction:

Serving the construction sector, from small-scale builders to large construction companies, with high-quality and versatile materials, contributing to the creation of safe and sturdy structures.

SFC's robust presence across multiple sectors underscores our commitment to meeting diversified needs and buoying growth within each market sector.

BUILD A SOLID FUTURE!

SFC Logistics Inc. is a subsidiary of SolidForms Corporation.

With the growing requirements of SolidForms Corporation and its group of companies for logistics services and importations, it has decided to establish its own logistics company to initially serve its internal requirements and furthermore offer its services and expertise to the greater community in support of nation building.

SFC Logistics Inc. brings with it a fleet of trucks in Luzon, Visayas, and Mindanao, together with a group of seasoned professionals in the industry to cater to your operational requirements in transporting goods from source to final destination. Beyond trucking services, we are also able to offer comprehensive freight and cargo forwarding services for goods both domestic and international, with highly capable and experienced professionals managing our operations.

SFC Logistics Inc. is your partner of choice to provide the logistics solutions that you need.

SFC LOGISTICS VISION

We are a leading provider of efficient and effective logistics, trucking, and import-export services in the Philippines.

SFC LOGISTICS MISSION

For our Customers:

We commit to effective and efficient logistics services that ensures the delivery of goods from source to its final destination.

For our Employees:

We equip and empower professionals through learning and development initiatives leading them towards professional growth as well as promote their well-being.

For our Shareholders:

We ensure intelligent and efficient use of our resources to provide optimum profitability and ensure sustainability and business growth.

For the community as a whole:

We contribute to nation building by playing our part in supporting the transport and logistics requirements of the community as well as give back through corporate social responsibility programs.

CORE VALUES

I**Integrity**

We conduct our operations and forge business partnerships with utmost integrity and honesty.

P**Performance-driven**

We are reliable and can be counted on to deliver our promises and commitments.

R**Resiliency**

We strive to meet and surpass our goals and commitments and face challenges with grit and humility enabling us to learn from them, making us even greater.

A**Adaptability**

We ensure to meet our customers' needs efficiently and effectively. In order to do so, we adapt to ever-changing situations that we meet, emerging from challenges, capitalizing on opportunities, and keeping abreast with the latest technologies within the logistics industry.

Y**Yielding**

While assuring effectiveness and competitiveness, we bring with us a profitability mindset to ensure sustainability, ongoing growth, and the ability to offer the best-in-class service.

In all our work and business dealings, we give back the glory to the Lord our God, who is the ultimate provider of all.
